Call for Papers

Federal Research Center "Computer Science and Control" of the RAS, Lomonosov Moscow State University, Ivannikov Institute for System Programming of the RAS, St. Petersburg Electrotechnical University "LETI", and Bauman Moscow State Technical University invite you to participate in the 16th International Conference «Intelligent Systems – 2024» (INTELS'24), that will take place on **December 2–4, 2024** in **Moscow, Russia**.

INTELS'24 will focus on areas of intelligent systems and artificial intelligence and their application to sustainable development and new challenges of the society. INTELS'24 provides a leading international forum that brings together science and industry from diverse fields with the purpose of exploring the fundamentals, technologies, achievements and impact of Artificial Intelligence.

Venue:

Lomonosov Moscow State University
Faculty of Computational Mathematics and Cybernetics
1, build.52, Leninskiye Gory, 119991, Moscow, Russian Federation

Format: Hybrid (in-person at Faculty of Computational Mathematics and Cybernetics of MSU and online)

Topics of interest include but not limited to

Theoretical Foundation of Intelligent Systems	Intelligent Transportation Systems
Optimal Control and Optimization	Neural Processing Systems
Numerical Methods in Control	Current Trends in Engineering Education for Artificial Intelligence
Identification and Navigation Systems	Nonlinear and Uncertain Systems
Intelligent Systems in Robotics	Machine Learning
Unmanned Vehicles	Symbolic Regression and Genetic Programming
Intelligent Aerocosmic Systems	Evolutionary Computations
Informatics and Computer Science for Artificial Intelligence	Big Data Analysis
Intelligent Systems for Precision Agriculture and Ecological Urban Planning	Adaptive Security Architecture for Intelligent Systems
	Game Theory and Decision Making

Conference Regular Papers will be published in Proceedings of INTELS'24 indexed in Scopus (Communications in Computer and Information Science (CCIS) Springer)
